

# Early Years Recalled At Lionettes Senior Citizens' Night

About 165 senior citizens, present and former residents of Vulcan and district, enjoyed a delicious turkey supper and entertainment as guests of the Vulcan Lionettes Club Wednesday evening, Oct. 27, in the Vulcan Lodge Hall. The occasion was the 13th annual Senior Citizens' Night.

William Munro, a former mayor of Vulcan, gave the invocation and the guests at the head table were introduced by Lionette President Rose Munro, who also extended a welcome to all on behalf of the Lionettes.

Lions Club President Arthur Jones, expressed his pleasure at seeing so many of the district's pioneers present. Recollection of pioneer days in this area brought back memories both good and bad, he said, among the latter being such things as frozen water pails and the "long, cold path to the little house at the back." He was most pleased, said Mr. Jones, that the district's pioneers who are now living elsewhere still proudly call Vulcan "home."

In her reply to Mr. Jones' tribute to the senior citizens, Mrs. Mae Todd said that the pioneers did their work in the spirit of giving, not getting. They did not

have much in the early days but enjoyed what they had.

The annual senior citizens banquet at Vulcan is a unique event, she said. The Lionettes' motto is "To Serve" and in undertaking this task each year they serve well, for their's is the most successful of these affairs held in Alberta.

Mayor Gary Ness brought greetings from the Town of Vulcan, stating that the efforts of the Lionettes were greatly appreciated. The early pioneers were responsible for the start of the town and were confident that, as the centre of a good district, it would grow. They can now see the many changes taking place in the town and realize that their confidence was well placed.

## Main Speaker

Eldredson, one of the earliest pioneer couples of the Vulcan district, Leon Bateman was the guest speaker for the evening and his recollections of names and events associated with the early days of the district when he was a young boy and of stories related to him by homesteaders and cattlemen of those days proved very entertaining.

He recalled stories of the terrible prairie fire that swept from

High River east to the Bow River, driven by a strong wind at the rate of a mile a minute. Gophers were caught by the fire before they could make it to their holes, the horns on range cattle wilted down alongside their heads and the horses owned by a man named Langford were found near the present site of Ensign with their eyes burned out and those living had to be shot.

Before the country was homesteaded there were many early ranchers whose names are still familiar, said Mr. Bateman. John Ware, whose two daughters now live in Vulcan was one of the best-loved ranchers in the east country in the period 1882 to 1905, with his personality, skill and

ability making him an outstanding figure. R. N. (Dick) Brodick, who ranched in the Buffalo Hills, came to Alberta in 1883 with Steele's

Scouts at the time of the Northwest Rebellion and had many good stories to tell.

Trapper Hill lived where the

George Gooch farm is now located. He was a poet and well educated and returned to England in 1911. Hiccupburg was a little settlement

occupied by people whose surname was Hicks. One of their sons was caught in a blizzard during the (Continued On Page 7)

## Thelma Haverty Heads Ladies' Curling Club

At a meeting of the Vulcan Ladies' Curling Club on Monday, Nov. 1, the executive for the coming season was elected.

Thelma Haverty is president; Lillian Deal, vice-president, and Mary Haga, secretary-treasurer.

Any ladies at all interested in curling are asked to contact the membership committee of Shirley Wolfe and Von Watson as soon as possible.

Remember—Curling Beats Fun.

## Fewer Voters In Macleod Riding This Election

J. Arnott Moorey of Fort Macleod, returning officer for the Macleod federal riding, has announced that 25,291 voters are eligible to cast ballots in the November 8 election.

This total is 639 less than the number of eligible voters in Macleod riding in the last federal election. The reduction is mostly due to the date of the election, fewer transient farm workers living in the riding at this time of year than a June election.

Locally, the election campaign has been on the quiet side, highlights being the whistlestop tour of towns on this line by Rt. Hon. John G. Diefenbaker, leader of the Progressive Conservative party, and a speaking engagement in Vulcan by Robert N. Thompson, leader of the federal Social Credit party.

## Militia Officer Promoted To Rank Of Major

Capt. M. R. Burgess, officer commanding the Vulcan unit of The Calgary Highlanders (Militia), has been promoted to the rank of Major and appointed officer commanding Support Company of the Highlanders.

The designation of the Vulcan unit was changed earlier this year from "A" Company to Heavy Weapons Platoon of Support Company. Headquarters of Support Company will now be at Vulcan, with the Reconnaissance Platoon at Hanna also now under command of Maj. Burgess.

Second-in-command of the Company is Capt. Sainte of Hanna and Lt. Ronald Brinton is platoon officer at Vulcan.

The Vulcan platoon parades every Monday evening at the Armouries and has room for several more recruits for this season's training.

## Funeral Thursday For Pioneer Clifford Graham

A resident of the Vulcan district for over 53 years, Clifford John Graham died on Monday, Nov. 1, 1965.

Born at Hawksbury, Ont., Mr. Graham came to Vulcan in 1912 and had farmed here since that time. He was a member of the Vulcan United Church.

Besides his wife, Letitia, he is survived by two daughters, Mrs. Charles (Lois) Roberts and Mrs. Roy (Irene) Wilson, both of Calgary; three sons, Lloyd, Kenneth and Glen, all of Vulcan; nine grandchildren; one sister, Mrs. R. Dignan, Calgary, and three brothers, Fred Graham of Vulcan, Elmer of Kelowna, B.C. and Russell of L'Orignal, Ont. He was predeceased by two sisters, Isabella and Beulah.

Services will be held at the Vulcan United Church on Thursday, Nov. 4, at 2:00 p.m., with Rev. Wellington Dorrner officiating. Interment will follow in the Vulcan cemetery.

The Vulcan Funeral Home is in charge of arrangements.

## Training Course For Fish & Game

Help! Wanted ... no experience necessary! So goes the call from John Andrews, president of the Vulcan and District Fish & Game Association. Wanted are interested boys and girls, men and women to take part in the hunter-training course being organized by the sport group.

Objectives of the course as outlined in a descriptive brochure are: To teach and familiarize the sportsman in wildlife management and conservation—game laws and regulations—identification and habitat of wildlife species; to take advantage of the out-door recreation potential which is available to the sportsman; to emphasize the sportsman's responsibility in the landowner-sportsman relations; to teach the sportsman proper care and handling of equipment and to prevent accidents.

Early this year about 20 local fish and game members qualified for their hunter-training instructor's Badge and are prepared to conduct these courses. Classes are planned to run for a two-week period, four nights a week at two and a half hours a night but this can be altered to suit conditions. The Vulcan fish and game group has raised money to purchase slides. Color film and demonstration (Continued On Page 6)

## Overall Increase 10 to 15%

## New Farm Lands Assessment Will Apply To 1966 Taxes

Assessment notices on farm lands only, covering the County of Vulcan's new general assessment, were mailed to rate-payers on Oct. 29. The new assessment will apply to the 1966 taxes. The previous general assessment was made in 1954 and applied in 1955.

The new assessment is made on the revised schedule of assessments as adopted by the Alberta Assessment Commission and is based on \$40 per acre for number one deep black loam, which is the soil type in the central part of the province around Edmonton. The 1954 figures were based on a value of \$30 for the same soil.

The soil type in the County of Vulcan area is dark brown to brown loam and is considered to be 70% of the deep black. The base price for the best dark brown loam on the new assessment is \$28 against \$21 in 1954.

R. Kotkas, County Assessor, and his staff have done a very painstaking job of inspecting and classifying the lands as to depth, subsoil, texture, topography, stone, or miscellaneous factors, distance from market, urban increments and highway advantage. The science of assessing has progressed a great deal in the past ten years and a very thorough and equitable assessment has been made. Rate-payers are invited to talk about their assessments at the county office and an effort will be made to explain the mechanics of the assessment sheets.

There are cases where the new assessments are lower, even at the higher rate, than formerly. This is due to different classifications or some change in the land during

the past few years. Generally, the better lands have increased while poorer areas have remained about

the same or slightly lower. While figures are not complete, the overall increase in the county's land assessment will be from 10% to 15%. No accurate forecast can be made of future tax rates, but a larger assessment means a lower mill rate to raise the same amount of money. It is also expected that the county will benefit from a lower "equalized" assessment from the province for the School Foundation Program and Hospitalization Benefits Act.

The county office is preparing a map of the county showing the assessment of each quarter section. The map will be sent to all rate-payers with the Vulcan Advocate issue of Nov. 10. In this way, all rate-payers may compare their own lands with surrounding lands and compare values.

Carol Ann Berg, R.N.

On July 22, 1965 the Arrowwood Booster Club acted as sponsor for the Mobile X-Ray Survey Unit held in the Arrowwood Community Hall.

Mrs. I. Unrau, Mrs. T. Dunn, Mrs. P. Talbot, and Mrs. S. Hayes representing the Booster Club, together with Mrs. Joe Leslie, Mrs. Gateman, Mrs. Hurl and Mrs. J. Devolin from the Mossleigh district met with Miss Beth Riddoch to organize the project.

There were 261 X-Rays taken with 255 apparently negative. The remaining six were classed as follows:

Probable Tuberculosis inactive, 1  
Pleurisy inactive, 1  
For further examination, 2  
Other abnormalities, 2

Of the 254 Heaf tests given, 246 reported back—with a total of 51 positive reactors of which 4 were under the age of 25.

J. Ryder, Medical Superintendent would like to call attention to the fact that the Mobile Unit diagnoses are tentative only, and are based solely upon the appearance of the small x-ray film without the supporting evidence of case history or clinical examination. For this reason, where further examination has been recommended, those persons concerned are urged to follow the instructions in the letters received by them.

Remembrance Day services at both Vulcan and Champion are advertised elsewhere in this issue. Both services are non-denominational and the general public is invited to attend.

At Vulcan, the service starts at 10:45 a.m. in the Armouries. A parade, led by the Vulcan County Band, will form up in front of the Legion hall at 10:30 a.m. to march to the Armouries, where the service has been arranged by the Vulcan Ministerial Association.

Speaker at the service will be Rev. Victor Cowell, with special music by the Community Choir

and the band. Following the service, the parade will again form up and march to Memorial Park, where wreaths in memory of the town and district's war dead will be laid at the cenotaph.

At Champion, the service starts at 11:00 a.m. in the Community Hall, with Rev. Bruce Fyke as speaker and the Carmangay Choir in attendance. The parade leaves from the Legion hall in Champion at 10:50 a.m.

Remembrance services at both Vulcan and Champion are sponsored by the respective branches of the Royal Canadian Legion.

## Three Clubs Enter Triangle Gymkhana

The final gymkhana of the 1965 season was held at the Cluny grounds on the afternoon of Sunday, Oct. 24. This was the fifth Triangle Trophy Show which is run annually between members of the Arrowwood, Lake McGregor, and Cluny Clubs. Originally, this show had been slated for Thanks-

giving Monday, but the late harvest season caused its postponement for two weeks.

The show opened with the Grand Entry, in which all contestants rode. During the entry O Canada was played and the impressive riding of the colors was performed. From there on, it was every man

for himself, or herself. All first place winners were presented with trophies or buckles and other winners received ribbons.

Following is a list of the winners: 8 Years and Under Barrel Race—Randy Yule, Ian Grant.

Stake Race—Randy Yule, Ian Grant.

Pole Bending—Randy Yule, Ian Grant.

Musical Races—Ian Grant, Randy Yule, Rae Ann Stewart.

### TABLE COVERINGS

A table covering is the background for your china, glassware and silver. The correct choice will complete the mood of the occasion.

Today's table coverings are made not only of linen but of rayon, cotton, plastic coated fabrics, cork and paper. They may be in the form of a cloth, place mats or runners. As well there is a wide variety of colors and textures.

When buying table coverings, consider fiber content, color fastness, ease of care, workmanship and size.

Fiber content will make a difference in price, wear and care. Good linen wears well and its appearance may even improve with the years. If you are buying a linen cloth you should regard it as a lifetime investment and buy the best you can afford.

The best quality linen is woven with long uniform fibers. Shorter fibers make up into coarser, uneven yarns. These result in cheaper and poorer quality fabrics. A good linen is heavy and cool to the touch. It does not lint or become fuzzy.

Damask is a type of linen cloth which may be plain or figured. Double damask is heavier and more lustrous than single damask, but it will snag easily. This is because of the long, loose threads in the pattern.

Damask may be bleached or dyed. There is pure white, oyster, deep cream and pastel-dyed damasks. The oyster and cream damasks wear better than the pure white.

Cotton, rayon and other synthetic fibers are less expensive than linen. Often these fabrics are given a finish to resemble linen. Most lace cloths are made of cotton.

They are also being made of synthetic fibers. The finest laces are made of linen but they are also the most expensive.

Place mats are made from many fabrics. As well, plastic coated fabrics, bamboo and cork are used. Of course, these are more casual, and are usually used for breakfast or lunch. More formal mats of lace, linen or organdy would be appropriate for dinner.

Check the hems on any cloth you consider purchasing. The stitches should be short, even and straight. Handstitched hems are more attractive than machine stitched ones. Hemstitching, though very attractive, is not as serviceable as a plain hem.

Many cloths have some sizing or starch when you buy them. However, if there is too much your cloth will be limp after washing. Rub the fabric, between your hands. If it becomes limp, then the firmness may be due to the sizing.

Buy the correct size for your table. A cloth should overhang the table by at least 10 inches on all sides. Place mats are large enough to hold a complete setting. Dinner napkins are about 24 inches square. Luncheon napkins vary from 15 to 18 inches square.

To keep linens looking their best they should be cared for properly. Any stains should be removed before laundering. Linen, cotton and rayon should be ironed while damp. Linen will look best if it is ironed first on the wrong side and then on the right side. Fold as few times as possible. Rolling tablecloths on a cardboard tube is a good way to store large ones. Store them away from heat.

Millstones for Roman flour mills were made from hard Vesuvian lava.

## COUNTY CENTRAL HIGH SCHOOL HI-LIGHTS

### Hum of Activity

If the present activities at CCHS are an indication of things to follow, the 1965-66 term will prove to be one of the best yet. School spirit and student participation have reached new heights and still appear to be on the increase. Overall co-operation has finally arrived and benefits are showing.

This "new spirit" is having the strongest effect in the student executive. New ideas and new methods are developing and action is replacing talk. For the first time, a Booster Club has been formed to promote activities. Using posters, displays and other such eye-catching devices, the Booster Club arouses student interest and helps keep things on the move. Due to the combined work of the executive and the Booster Club another first for CCHS was brought about. The CJOE Sultans, an outstanding teen band from Lethbridge, were engaged to play at a sock-hop held Oct. 22. The music was wild, the dancing wilder, and the evening the wildest. The dance was promoted on radio and especially by the appearance of

Central students on 7 A-Go-Go, a television teen show. Students keep in dancing condition by attending noon-hour sock-hops held at least once a week.

County Central is already active in football, volleyball and basketball. On Oct. 16, the Central football team went to High River for a tournament and returned that night with the trophy. They defeated Okotoks and High River in succession to remain undefeated. On Oct. 21, the volleyball teams hosted Milo. The Central girls won their game quite handily while the Central boys lost their's the same way. Interest is picking up in volleyball, however, and the outlook is improving. Basketball is just getting underway since both teams had their first practice last week. A good turnout was shown and the outlook here too is improving.

What is there to look for in the near future? Next Monday night, Nov. 8, is a night no one can afford to pass up. The nationally known Harlem Stars, a comedy basketball team, will be at the CCHS gym to play a "scrub team" of teachers and former players. Set this date aside for an evening of laughter and the best of basketball.

A prime example of the new Central spirit is shown by this act, instigated by the Booster Club. Two weeks ago, two local boys were injured in an accident and it was the feeling in the school that a card should be sent to them. Booster Club artists went to work and made a large card which they put on the bulletin board for students to sign. When the card was finally sent, it carried a cheery "get-well" and 1½ square feet of names.

#### THE CATTLE MARKET—

The cattle market is steady to strong on all classes except cows and we think they are selling too low and are hoping for a change.

Good to Low Choice Butcher Steers \$21.50 to \$24; Good to Low Choice Butcher Heifers \$19 to \$22.50; Good Cows \$11 to \$13; Bulls—none on offer; Good Feeder Steers \$20 to \$23; Good Feeder Heifers \$16 to \$19; Good Stock Steer Calves \$22 to \$26 or better; Good Stock Heifer Calves \$17 to \$21.50 or better.

As in other years, condition, weight and type are important factors when it comes to price. The McHarg boys from Okotoks sold their cross-bred steer calf crop (61 head) through us on Thursday. Their average weight 528 lbs. — average price \$24.75. Average per head of over \$130. This goes to show what good, well looked after cattle will do for you. Incidentally these were all March and later calves.

Ernie Patterson

As your candidate in the Macleod riding, I am writing to you to state my stand in this election.

With the confusion and chaos with which we are now faced in Canada, I believe that we need Members of Parliament who will always place the interests of Canada and Parliament ahead of the fortunes and interests of their political party. I would as an M.P. co-operate and work with whoever should form the government after November the eighth. That is, I would support legislation that was good for Canada and oppose legislation which would be detrimental for the good of the Canadian people.

At all times I would do my best to represent the viewpoint of you the voters of the Macleod riding.

I would work closely with our Alberta Provincial Government, to assist them on matters concerning federal provincial relations.

But above all, I will do my best to avoid political bickering and slandering; and instead, I pledge to you that I will work to represent you in an impartial manner, placing the interests of Canada and Parliament before my own political interests.

I would appreciate having an opportunity of serving you as a Member of Parliament; and if I do not keep my word, I would be very disappointed in you, the voters of the Macleod riding. If you did not vote me out of office in the next election.

Miss Patricia Ewing performed in the First Class Honor Students' Recital presented by the registered music teachers of Lethbridge in St. Augustine's Parish Hall on Oct. 26. Patricia played minuet in G Minor by Stolz.

Jacob Kubik of Czechoslovakia, who is presently visiting relatives in the Turin, Iron Springs district, was a visitor at the John Letal home. Mr. Letal and Mr. Kubik have not seen each other for 35 years, so they had a lot to reminisce.

Mr. and Mrs. Roy Church returned during the week from Creston after attending the Davies-Sidor wedding on Oct. 23.

Mr. and Mrs. John Rosen and daughter of Edmonton were guests of Mr. and Mrs. Paul Kryzanowski during the week.

Scouts Les Hubka and Robert Clark were out for 24 hours during the weekend on a 1st Class Scout hike.

Mrs. Don Bond of McLeese Lake renewed acquaintances in the district one day last week.

Mr. and Mrs. D. W. Clark attended the Davies-Sidor nuptials in Creston. While there they also visited in Trail and stopped at Kaslo with her parents, Mr. and Mrs. Bright Robertson, former Carmangay residents.

During the week callers at the L. J. Bach home were the latter's uncle and aunt, Mr. and Mrs. Fred Bach of Garnett, Kansas, also Mr. and Mrs. A. E. Bach of Calgary.

Mr. and Mrs. Charlie Gallagher of Kingston, Ont., and Mr. and Mrs. Harold Bach of Calgary were Sunday visitors at the L. J. Bach home.

Mr. and Mrs. Rudy Hubka and Mr. and Mrs. Art Ulrich of Champion spent the weekend with their children Mr. and Mrs. Dwight Ulrich of Chaney, Wash.

Mr. and Mrs. Harold Hubka spent the weekend at the R. E. Hubka home, after completing his three-month electronic course in Edmonton.

Mr. and Mrs. Calvin Seebeck, Mr. and Mrs. Andy Scotter and Mr. and Mrs. Eugene Scotter attended Na-Churs Liquid Fertilizers Western Canada Sales Conference held in Red Deer on Oct. 25. Reports from each division were very good. Head officials from London, Ont., were pleased with the tremendous progress made by the western division.

A coffee party in honor of Bill Matheson, Liberal candidate for Macleod, was held Saturday, Oct. 30, at the home of Mrs. Doreen Stryker of Carmangay. There were approximately 30 guests present and all had a chance to meet and talk with Mr. Matheson. Co-hostesses for the afternoon were Mrs. Doreen Stryker and Mrs. Barbara Hwozdecki. It was a most interesting and informative afternoon.

A meeting of the Centennial Planning Committee was held in the town office on Monday, Nov. 1. Plans for a possible project and another public meeting were discussed.

### **SENIOR CITIZENS HONORED**

The Senior Citizens of the district were entertained by the East Priscilla Club on Oct. 27 in the United Church basement. The Halloween color theme was used for the tables and decorations which added a great deal to the atmosphere.

The short program comprised of games of chance and traditional Halloween thrillers. Black magic was greatly enjoyed by everyone. Many of the club members were dressed in costume for the occasion.

Mrs. Lydia Anderson, president of the club thanked all for their attendance, which brought a very happy and successful afternoon to a close for the senior citizens. A turkey supper was enjoyed by all present.

### **HAIR STYLE SHOW**

A tea, bazaar and bake sale was held on Oct. 25, sponsored by Heather Chapter No. 51 of Carmangay.

Highlight of the afternoon was a hair style show put on by B and J Beauty Salon of Lethbridge, operated by Blanche Coe and June Skriver.

Featured in the hair style show were Ivy Fox, Betty Ann Turner, Norrie MacMillan, Ina Ohler, Angie and Dianne Coe, Helen Gray, Ollie Atkinson, Edith Gottenberg, Linda Fox, Colleen Coe, Marilyn Baldwin, Verna Baldwin and Cheryl Keenan.

Mrs. Lenora Baldwin was the accompanist on the piano.

Misses Linda Fox and Colleen Coe also sang a duet and Colleen sang a solo and was accompanied on the piano by Linda.

Mrs. Edith Gottenberg gave the commentary on the different hair styles.

### **ANGLICAN GUILD**

The Anglican Guild met at the home of Mrs. Doreen Stryker when plans were completed for the annual bazaar on Nov. 2. The meeting opened with a prayer

from "The Living Message" led by Mrs. Baldwin.

Four ladies attended the Deanery WA meeting in Claresholm where the Rev. Stanley Cuthand gave an interesting talk on Indian life in a changing world and Mrs. Wrenshall of the Diocesan WA gave a report on the changes taking place in women's activities in the church.

The collection for the day was voted to the "Meals on Wheels" fund which is used in Calgary for those needing someone to prepare meals for them. A number of Calgary churches have formed a joint plan of action for this worthwhile service to elderly persons. The Carmangay Guild served tea for the afternoon.

The study period was conducted by Rev. V. G. Cowell when he explained the ancient prayers and psalms used in the prayer book.

The next meeting will be at the home of Mrs. Knight. The evening concluded with lunch and a social hour.

### **HOME & SCHOOL ASSOCIATION**

The regular meeting of the Carmangay Home and School Association was held on Oct. 21 with a very good attendance. Mrs. Margaret McLeod was in the chair. A short business meeting was conducted.

The Area Committee will conduct a TV program on Nov. 16 at 2:30 p.m. Watch for some important news of Area 11 on this telecast.

Mrs. Elaine Parker introduced Christine Hubka and Terry Brownell, the two exchange students who conducted the program for the evening. Terry gave an interesting and informative day to day account of their trip to Churchill. Chris showed the slides she had taken which everyone enjoyed. They both had a nice display of a scrap book and interesting articles from their trip.

## **ALBERTA JUNIOR CITIZEN OF THE YEAR BULLETIN:**

### **CHIP LAKE GIRL WINS SPECIAL AWARD**

Doris Pollard of Chip Lake is too young to be named a Junior Citizen of the Year. She is only four years old. Yet this tiny girl rescued her two brothers and baby sister when fire destroyed their home!

On December 22, 1964 Doris was in the house playing with her two little brothers. Mrs. Pollard had to accompany the veterinarian to the barn to look at some sick animals.

Suddenly there was a terrific bang — sparks from the stove were everywhere. Doris hurried her two young brothers outside — then she went back into the burning house and carried out her baby sister Sharon. Doris is like any other little

girl of her age, but on that fateful day last December, she acted like a mature adult!

We congratulate Doris on winning this Special Award. Our thanks to Alberta's Weekly Newspaper Editors for their active co-operation in the Alberta Junior Citizen of the Year program, sponsored by Alberta's investor-owned electric utility companies.

This is a Special Award announcement made in connection with the Junior Citizen of the Year program. Our special thanks to Ronald B. Smith, Editor of the Western Review and to Doris' nominator, Mrs. M. Bruner of Wildwood.

## A Poor Effort By CPR

A better-than-average harvest has now been completed and that particular worry is behind the farmers of this area, but considerable concern is being felt over the lack of wheat delivery quotas.

Until the farmers sell at least some of this year's crop there is certainly not going to be any noticeable pickup in the economy of this area.

We are afraid that much of the blame for this situation, which sees the major shipping points in Alberta's greatest wheat producing area still without even a one bushel quota, has to be laid at the door of the Canadian Pacific Railway. Many orders for carloads of wheat have been received at Vulcan elevators, but when cars were not forthcoming these orders were switched to points served by the CNR, which apparently is able and willing to move wheat from the country points.

It has been very apparent that the CPR is determined to get out of the passenger business, but if its future lies in the hauling of freight it should be at least making an effort to improve service in this phase of its operations.

The CPR denies there is any deliberate slowdown in moving wheat to thereby add strength to its request to discontinue its Dominion trans-continental passenger trains. But there is either a deliberate slowdown or its grain-hauling service is just downright poor in comparison to the job the CNR is doing.

It is a sad state of affairs when a private enterprise corporation cannot do a better job than a government-owned corporation, but the CPR's public image is getting sadly splattered and tattered while the CNR is rising in the public esteem, particularly in Western Canada.

If public confidence in the operations of the CPR is going to be maintained at all, a better performance in the movement of grain from Southern Alberta to Vancouver is needed, not next year but immediately. The CPR probably spends hundreds of thousands of dollars a year on public relations. It will take years of good service to rebuild the confidence of the public that it has lost in the past few months.

## LETTERS TO THE EDITOR

Editor, The Advocate.

I would like to answer the letter of A.B. in last week's paper. First of all to thank him for his criticisms as this is good for anything; although I do not agree with everything he says.

For one thing I do not believe you will find anything of this nature built without friction. No such a large amount of space. As one idea is ever agreeable to everyone and this is something that has to be ironed out to best advantage to the majority. I don't believe there have been any sour faces on anyone of monies given or of that not given by people who cannot afford it. There has never been an amount set for everyone to give. It has been asked that we give what we can afford. There have been some who have done without little extras just to be able to give more to something they feel is so important, and others who could have given and never noticed the loss who haven't given anything but this is human nature and nothing we can do will change it, sour faces or anything else; and I believe we all realize this.

You say a town resident pays more taxes than a farmer. Okay, you have power, water and sewer, gas, etc., to your door, sidewalks and many more things for your money. Any of these things a farmer puts in at his own expense or does without and believe me they don't get them for nothing. For example to put the power in is well over \$1,000, a water system is close to \$2,000 and to clean a septic tank once a year is roughly \$50. Gas would run about \$600. These are just a few estimates as there are more things which you can get for your money that a farmer either does without or pays well for. However this again is just one of those things.

A farmer makes his living on the farm and you make your's in town and there are pros and cons to both things so I don't believe there is any comparing of them!

You say there wouldn't be adequate parking. What is wrong with the whole back end of the lot around the armories and proposed Rec. Centre or were you suggesting that it would be such a success that there wouldn't be adequate space. Where is all your parking space at the present skating arena? This last weekend was

a prime example. Have you tried to find a parking spot within two blocks of the lodge hall on an evening they have a banquet now?

And speaking of the lodge hall, I don't know but imagine they will still continue to hold their lodge meetings and other lodge functions where they don't need such a large amount of space. As one idea is ever agreeable to everyone and this is something that has to be ironed out to best advantage to the majority. I don't believe there have been any sour faces on anyone of monies given or of that not given by people who cannot afford it. There has never been an amount set for everyone to give. It has been asked that we give what we can afford. There have been some who have done without little extras just to be able to give more to something they feel is so important, and others who could have given and never noticed the loss who haven't given anything but this is human nature and nothing we can do will change it, sour faces or anything else; and I believe we all realize this.

The government allows a certain amount per year for a recreation director in the form of a grant. We could use that and if they need anything more it could be worked out I'm quite sure. He could be director for all our recreation in town, example, the recreation centre, swimming, curling, hockey, football, baseball, all that type of thing. I think there is a crying need for this right now. If someone were paid to organize and run this type of sport our children would be a lot better off today. Now we rely on volunteer help for Little League, etc., and where have we got to? I know we are all to blame, you, me and the next guy if we are just too busy! Someone paid and trained to do this would be a lot better and the volunteer help could probably be put to end up with just one or two people with a load too big to cope with.

As for the grain versus the water meters, I know of a few farmers who plan on giving and giving a substantial amount if we only get this thing going. Also if we miss \$1.00 a month our financial picture is pretty grim and certainly needs some looking in to.

Let's put our thinking caps on and try to figure out different methods with which to make some extra money. I've heard a few suggestions and they sound pretty good. Let's pull together!

## Early Years Recalled At Senior Citizens' Night

(Continued From Front Page)

Threshing outfits powered by oxen were not uncommon in the early days and one of these was operated at Tongue Creek near High River by Pete Ensenbauer, who at one time was an Alberta MLA. The Dorch brothers and their mother also had oxen when they first homesteaded here, said the speaker, and another man with six oxen used them for hauling cement out to the South Lake McGregor Dam about 1912 or 1913.

Doug and Shorty Hardwick came to Alberta in 1889 and later established a big ranch out across Snake Valley. The Davis family lived just north-east of town and Cassie Davis was an advance agent for the well-remembered Chautauqua tent shows. Max Witts, who was raised by the Davises, is now in London, England as a producer with the BBC.

Mr. Bateman recalled that his family's closest neighbors at one time were the Todds, who lived seven miles away. He recalled the big grain hauling outfits of Jim Dew and Slim Moorehouse and those of Lou Douglass and Louis Hanson, with matched teams of horses. The people who settled this area came from many different countries, but most were from Eastern Canada and the United States. They found that pioneering meant depending on each other to a great degree.

How many here, when they were youngsters, gathered "chips" for the kitchen stove or to use as smudges for the cattle that were almost frantic from the mosquitoes, queried Mr. Bateman. And how many, as a boy, went barefoot all summer and in the fall ran for the milk cows and nudged one out of the way so he could stand and warm his feet on the warm earth there she had been resting? And how many took baths in a prairie bathtub, roasting on one side and freezing on the other?

"You pioneers were real individualists," said the speaker. "You farmed and ranched under adverse conditions, miles from towns or hospitals. Much can be said for the pioneer doctors who had to travel on horseback or buggy and the many pioneer women who took the place of doctors on many occasions."

In spite of the many hardships

they suffered, said Mr. Bateman, tumbling class, songs by the Hummest pioneers when asked if they met children of Champion, piano would do it over again say "Yes, solo by Lloyd Myers, vocal solo by but with some reservations." "To-Hirst Goldthorpe, selections by the night we are paying tribute to County Band's "Hungry Five," you; you are loved and your wis-vocal selection by the Hilz child-dom is respected," concluded the then, violin solo by Mrs. Maxine speaker.

Following Mr. Bateman's talk, a Andrews and a skit by the Lion-program was held in the upstairs ettes. The door prize was won by hall and included Don Green's Gus Johnk.

### IS IT WORTH IT?

The other day I met a child. She told me that her mother and father went out at night time, after she had been put to bed. I couldn't help being struck with the fear in her voice and expression as she told me this.

I think that you have got to weigh up in your mind whether the few hours enjoyment or escape that you are about to have in your lodge or club is worth the insecurity of your child and the effect that this is going to have on his life — not to mention the years of

bitterness and perhaps loneliness that will be ahead for you when your child's life comes to grief as a result of this.

Now Lodges and Clubs have their very good purpose and their place and it is really better to belong to one and to do justice to its programme and its aims; than to belong to several and not get very far. Weigh it up! Is it worth it, to sacrifice your child's life on the Altar of enjoyment or escapism? Remember: he or she is a gift to you from Almighty God Himself.

## Shower Honors Recent Bride

Continuing the round of pre-nuptial showers honoring Miss Margo Snow, whose marriage to Donald Houlton took place in Vulcan, October 9, a group of friends entertained at a miscellaneous shower Thursday evening, September 30, in the basement of the Vulcan United Church. An autumn decorative motif was used, featuring horns of plenty containing brightly colored fruits, orange candles, bright autumn leaves, and sheaves of grain. An interesting feature of the decoration was a central table decorated as a small farm yard, complete with farm-yard animals loaded in a toy truck, all of which emitted very realistic noises when the toy was wound up.

The hostesses presented Margo with a very beautiful floral arrangement, which carried out the autumn theme. The large number of guests present enjoyed a very pleasant social evening.

A fine and amusing program had been arranged by Mrs. Helen McKay and Mrs. Dora Willard.

A small toy tractor pulling a trailer loaded with many beautiful and useful gifts, was ridden in by Master Ryan Wolfe, who was suitably dressed as a farmer in straw hat, overalls, etc.

Assisting Margo in opening the many gaily wrapped gifts were her mother, Mrs. Jerry Snow, her sister Mrs. Sandra Olheiser, the groom's mother, Mrs. Laura Houlton, the groom's grandmother, Mrs. M. Eamor, and the bride's grandmother, Mrs. Maude Snow. The hostesses supplied a large garden hat which was decorated with the bows from the parcels by the bride's cousin, Mrs. Lynn Lundgren, and was later modelled by the bride-to-be.

Mrs. Margaret Clayton presented Margo with a tea cloth which had been autographed by all the guests present.

Margo very graciously thanked her many friends for their thoughtfulness and extended them an invitation to come and visit her in her new home. A lunch of dainty sandwiches and delicious slices brought the evening to a happy end.

## THE FACTS ... AND THE RECORD!

"When you vote for Social Credit you vote for a platform!" — so says its Federal Leader Robert Thompson. We suggest that if a person intends to stand with Mr. Thompson on this platform he'd do well firstly to check the distance this lofty platform is above the surface of the earth and, secondly, to check its construction and hope it is more securely bound together than the "solid" policies of the Federal Social Credit party.

To illustrate this point of policy, if you vote for Federal Social Credit do you vote for Premier Bennett's nationalism, the seizing of the B.C. power company and the B.C. ferry lines? Mr. Bennett wants his own banks, separate from the rest of Canada and his own brand of separatism.

— OR —

Do you vote for Mr. Manning's ultra-conservatism? Whose Province is the only Province with private power corporations, e.g. Calgary Power, Canadian Western Natural Gas, etc.

OR —

Do you vote for the policies of Mr. Couette who now heads the Creditists but originally was a strong Social Credit leader, a man who openly boasts his admiration for Mussolini; boasts that he didn't fight for his country in the second world war; a White Tammer dedicated to the creation of "professional" welfare colonies?

In short, inter-provincially there is no agreement as to what Social Credit policy or philosophy is!

We find it rather difficult to put all of these regional ideologies in the pot and come up with a palatable dish — and so does Mr. Thompson! All we have to do is to refer to the last election, the friction between Mr. Thompson and Mr. Couette and its aftermath — a new federal party. Again, all we have to do is refer to the differences in policy on almost every provincial issue between B.C. and Alberta. What more need be said! Mr. Thompson's platform just can't get into orbit no matter how much he tries to persuade the public of party unity! It just doesn't and can't exist. The fact of the matter is, there is NO FEDERAL Social Credit Policy, and from the deteriorating inter-provincial relationships we've pointed out above, there never can be!

What about the Macleod constituency? What are the issues? As we see it, one emerges head and shoulders above all the rest — the need for a party with a majority in the House of Commons! Let's keep our feet solidly planted on the ground and vote with cold, hard logic as our basis for voting and not on an emotionalism that can be swayed by first one orator and then another. Let's make sure the next election will be in five years from now and not just in one or two. The history of the past several years verifies and makes this possibility very real if another minority government is elected!

In our opinion a vote for the N.D.P. or Federal Social Credit Party is a wasted vote, either will give Macleod as much voice in Ottawa as a sparrow chirping in a thunderstorm! We have all heard Mr. Diefenbaker's cynical remarks when he refers to the Liberal plea for majority government. Obviously Mr. Diefenbaker would be delighted to form a minority government. This just isn't good enough!

There is only one vote that can have any meaning for Macleod and that is a vote for a Liberal Majority!

See for yourself what a Liberal Minority, under constant harassment, accomplished. Vote for a Liberal Majority! Vote for Bill Matheson on November 8, 1965, and we'll have a voice that can be heard above any storm!

## We Can't Escape These Simple Facts:

1. If there's no majority this time, we'll probably have another election next year.
2. The Conservatives, being extinct in Quebec and weak in Ontario, have no earthly chance of getting a majority.
3. Social Credit and N.D.P. aren't even trying for a majority.
4. That leaves only the Liberals who can possibly give Canada a stable majority government.
5. A vote for any other party is therefore a vote for minority government.
6. The Liberal government has an excellent record of accomplishment for agriculture, labor, industry.
7. Every government is entitled to a majority at least once, to show what it can do. Diefenbaker got his in 1958.
8. Bill Matheson is young, intelligent, informed, articulate. He is by far the best candidate in Macleod constituency.
9. If we elect Bill Matheson we are doing our part toward a stable government, a majority government, good government, a truly national government.

## An Open Letter

TO PARENTS OF STUDENTS ATTENDING THE  
COUNTY CENTRAL HIGH SCHOOL — VULCAN

Nov. 1st, 1965

Dear Parents:

The Staff of County Central High School have decided not to hold an open house this fall since the harvest was very late. However, your children will receive their report cards on Nov. 12th and the staff will meet with the parents on Nov. 15th in parent-teacher interviews. In order to have a successful interview, we urge you to bring your child's report card with you.

Respectfully yours,

A. F. PSIKLA,  
Principal.

## the dog, the bone and the reflection

Remember the old tale about the dog who was hurrying home with a fine large beef bone in his mouth?

He had to cross a narrow footbridge over a quiet stream.

Halfway across, he looked down and saw the reflection of the bone. He mistook it for another bone larger than the one he was carrying.

So he opened his jaws eagerly to snap it up,

and of course the real bone sank to the bottom of the stream.

People, too, are apt to be misled.

We would do well sometimes to stop and evaluate a few of the things we have — things which we, as Albertans, have worked together to build up for ourselves. For example, consider M.S.I., the voluntary system of prepaid medical care coverage which was instituted eighteen years ago by Alberta doctors to meet the special needs of Albertans. Over the years, M.S.I. has worked constantly to increase the scope of coverage and to protect an ever-growing number of Albertans. M.S.I., standing high in the public esteem, has just enrolled its 10,000th group.

Non-profit and non-compulsory, M.S.I. is worth holding on to. You cannot get better medical care coverage for less.

M.S.I. is the best and cheapest medical care coverage.

## FALL TILLAGE OF STUBBLE

Fall tillage of fields that are to be summerfallowed is no longer recommended in southern Alberta unless the weed growth is so severe it cannot be chemically controlled. If tillage is necessary for weed control it should be done with a wide blade cultivator that will leave the stubble standing to catch the snow.

D. T. Anderson of the Lethbridge Research Station has found that to conserve moisture, it is important to leave stubble standing to catch the snow. In the fall of 1960 the stubble was left standing on one plot. Another was worked with a wide blade cultivator, another with a heavy duty cultivator, and another with a one-way disc.

In the spring of 1961 the moisture was greatest in the plots worked with the wide blade cultivator or where there had not been any fall tillage. Moisture reserves were lowest in the other two because the stubble had been knocked down so it didn't catch the snow.

Growing season precipitation at Lethbridge was about two inches below normal during 1961 and the spring of 1962 was also very dry. According to Mr. Anderson the moisture deficiency resulting from the fall tillage of 1960 was carried right through to the growing season of 1962. The two plots yielded about four bushels per acre less than on those where the stubbles were left standing.

Whether a farmer plans to summerfallow the following year or seed his stubble it is important to kill weeds. But it is equally important to keep stubble standing to catch the snow, concludes Mr. Anderson.

### REPORT FROM EDMONTON

(By J. Wally Strang)

Tuesday night the call came in... be at the premier's office at 9:30 the next morning. The press row started to hum... new appointments?... a major industrial announcement?... or maybe a change in the cabinet? All we could do was sit and wait... Then in a television show the same night, the Premier tipped his hand by announcing a 50 million dollar program.

The next morning... with the initial burst off his chest... Mr. Manning started to elaborate on his program... what it will mean to Alberta... and what it means to the average man on the street. First off let me say it's NOT a political plum according to the Premier... he said they have been working on it for two years. But he added... none of this will really get under way until after next year's session.

In other words... here is what we propose... here is our platform... try and shoot us down. I might like to put my two cents in about here. I questioned the Premier on what I thought a most important item. On page 8 of his script... he said a livestock dealers insurance fund is to be established. The government will advance enough money to start it... then the government will recoup... or recover it by levying a few cents per head on livestock sold through registered dealers. This part of his proposals I think is good... But... when he goes on to say... "This advance will be sufficient to reimburse those farmers who suffered serious losses through the Verigin bankruptcy case." I don't care how Mr. Manning tries to explain it... what he is in effect doing... is complying with the opposition's demands to help the hundreds of farmers who were hurt... and in so doing he is now going to make every livestock producer in the province pay for someone else's mistake. I wonder if another firm goes broke... will the government require all its suppliers to pay a provincial tax in order to compensate the people who are hurt... Think about it... do you think it fair?

The home owner's grant as we referred to it before... is NOT the same as grants made elsewhere. As the Premier said... its just a tax relief of 50 dollars and the municipalities will just deduct it off your taxes. The government in turn will pay back the municipalities. This method of helping the small home owner... in this writer's opinion, is good... but why is it being done... The betting right now... and there is plenty of money available... We Will Have An Election Next Year...

Lomond-Vulcan  
Interest In  
Summer Wedding

The Bethany Lutheran Church in Lomond was, on July 9, the scene of a very pretty late-afternoon wedding. United in marriage by Pastor Wayne Berg were Miss Linda Lucas of Lomond and Kenneth Booth of Vulcan.

The bride, given in marriage by her father, William Lucas, was charming in a floor length gown of white crystalline. The simple lines of the gown were enhanced by iridescent sequins on the bodice and the ruffled hemline was caught up in the back by three tailored bows. Her shoulder length bouffant veil misted from a headpiece featuring a bow at the back to match those on her dress.

The crescent shaped bridal bouquet featured red sweetheart roses and white stephanotis.

Bridal attendants were Miss Leona Booth, sister of the groom, as maid of honor; Miss Charlene Lucas, cousin of the bride as bridesmaid; and Miss Linda Jesse, niece of the groom, as flower girl.

The senior attendants were attired alike in sheaths of turquoise brocade satin, with overskirts and picture hats of turquoise crystalline. They carried sheaves of pink gladioli. Little Miss Jesse was similarly attired in a bouffant dress and overskirt of turquoise and carried a basket of sweetheart roses and stephanotis.

The groom's attendants were Frank Bates as best man and Don Robbie as groomsman. Ushers were Bob Warkentine and Ronald Lucas.

Organist and soloist was Mrs. Wayne Berg. Miss Kathryn Jeffery was in charge of the guest book and was assisted by Mrs. Ken Mix.

The reception was held in the banquet room of the Community Centre. Master of ceremonies was Mr. Kenneth Jesse. The toast to the bride was given by Mervin Liebreich, to which the groom fittingly responded. Frank Bates proposed the toast to the bridesmaids.

For her daughter's wedding Mrs. Lucas wore an ensemble of soft yellow with white accessories. This was complemented by a corsage of Talisman roses.

Mrs. Booth, mother of the groom, chose a pink sheath with which she wore white accessories and a corsage of red roses.

For her going-away outfit the bride chose a navy-blue linen three-piece suit. Her accessories were soft pink and her ensemble was completed by a pink rose corsage.

For their honeymoon the couple travelled through points in B.C., Washington, Idaho and Montana and are now residing in Vulcan.

Out of town guests at the wedding came from Vulcan, Calgary, Black Diamond, Enchant, Tilley, Olds, De Winton, Indus and Lethbridge.

The Hon. E. C. Manning, Premier of Alberta

"Personal freedom should  
not be jeopardized in the  
interests of a political party."

Today we face a crisis. We must forego traditional political procedures and give precedence to a position dictated by the national interest. We must choose men of moral quality and ability, motivated men and women with the courage and energy required to take up the challenge of government.

"Where can we find such men?" Look to Alberta and the success story of Social Credit in this Province. Here are men of sincerity, integrity and ability—men who believe in personal freedom, economic freedom and security.

You have the choice on November 8th. Elect your Social Credit candidate, and give Alberta voice in Ottawa.
